PROFILE

I am an aspiring first generation doctor, with deep dedication to the principle values of education, creativity, and patient-specific care. My fascination with the human brain, and the fine logistics hidden within, has made it my life goal to become a neurosurgeon, with the specific aims of envisioning and connecting modern concepts and understandings into the field, pioneering a new age of modern medicine, and transforming accessibility to neurological treatment for all communities in need.

WORK EXPERIENCE

Medical Intern - 12 months

Jordan Ministry of Health 2023-present

Clinical Elective - 1 month

Jordan Ministry of Health - Bashir Hospital - General Surgery 2023

Clinical Elective - 1 month
