 Jordan – Amman – Albaqaa

Dedicated and compassionate medical professional committed to delivering high-quality, patient-focused care. Seeking a physician role where I can apply my extensive clinical experience and procedural skills to provide outstanding healthcare services. Eager to be part of a team that prioritizes patient outcomes and fosters continuous learning and growth.

SKILLS

- Proficient in conducting thorough patient histories, physical examinations, and formulating differential diagnoses.
- Skilled in interpreting laboratory results, imaging studies (X-rays) and other diagnostic tests to guide clinical decisions.
- Skilled in various medical procedures including venipuncture, intravenous (IV) line placement, suturing, wound care, and abscess drainage.
- Skilled in managing pre- and post-operative care, including monitoring vital signs, pain management, and wound care.
- Assisted in normal deliveries and cesarean sections.
- Strong ability to communicate effectively with patients and families, providing education on diagnosis, treatment plans, and preventive care.
- Committed to patient safety protocols and participation in quality improvement initiatives to enhance healthcare delivery and patient outcomes.
- Successfully participated in resuscitation efforts during high-stress situations.
- Collaborate with nurses, specialists, therapists and other health care professionals to develop and implement comprehensive care plans.
- Actively seek input and expertise from fellow physicians and specialists when complex cases or specialized knowledge is required.
- Proficient in using medical software for patient data management, scheduling, and billing.
- Skilled in Microsoft Office Suite (Word, Excel, PowerPoint) for documentation, data analysis, and presentations.

EDUCATION

- **2017-2023:** MD (Doctor of Medicine), Yerevan State Medical University, Armenia
Awarded with a good degree.
- **2016-2017:** Premedical Course, Yerevan State Medical University, Armenia

PROFESSIONAL EXPERIENCE

Internship Doctor, AL-Hussein / Salt Hospital, 2023-2024:

- **Internal Medicine Department (August 15 – November 14):** Managed diverse cases of chronic diseases, developed proficiency in diagnostics, and refined patient management skills.

- **Accident and Emergency Department (November 15 - December 14):** Responded to urgent medical situations, conducted initial assessments, and prioritized patient care under pressure.
- **Pediatrics Department (December 15 - February 14):** Provided compassionate care to young patients, gained insight into pediatric diseases, and collaborated effectively with pediatricians and nurses.
- **Obstetrics and Gynecology Department (February 15 - April 14):** Assisted in deliveries, performed routine gynecological examinations, and enhanced knowledge of women's health issues.
- **General Surgery Department (April 15 - July 14):** Participated in surgical procedures, learned surgical techniques, and managed pre- and post-operative care for surgical patients.
- **Orthopedic Surgery Department (July 15 - August 14):** Assisted in orthopedic surgeries, managed fractures, and gained proficiency in musculoskeletal care.
