CLINICAL EXPERIENCE

2024 **Clinical Attachment** (29/ September /2024 - 20/ October/2024)
Orthopedics Department, Hamad Medical Corporation (HMC), Doha, Qatar
Engaged in morning reports and clinical rounds, attended outpatient clinics, and developed strong skills in history taking and physical examination. Scrubbed in the operation room; acted as a second assistant in surgical cases, including fracture management, oncology, and reconstructive procedures, gaining clinical experience in diverse clinical settings.

2024 **Clinical Attachment** (07/ August/ 2024 – 19/ September/2024)
Jordanian Royal Medical Services
Princess Haya Bint Al-Hussein Military Hospital, Ajloun, Jordan

Orthopedics Department (07/08 - 07/09)
Engaged in a clinical attachment that included outpatient clinics, morning rounds, and ER night shifts, while assisting as a second-hand surgical assistant in orthopedic surgery. This role provided valuable experience in patient management across diverse medical settings, focusing on acute and procedural care in orthopedics.

Emergency Medicine (07/09 - 19/09)
Covered 2–3-night shifts per week, providing patient care for critical cases, including DKA, myocardial infarction, asthma and COPD exacerbations, strokes, and CPR. Gained hands-on clinical experience in acute care and emergency medicine.

2023 / 2024 **Clinical Attachment** (03/ December/2023 – 04/ January/2024)
Hamad Medical Corporation (HMC), Doha, Qatar

General surgery Department (03/12 - 14/12)

Conducted patient history and physical examinations, participated in morning rounds, and provided comprehensive patient care. Assisted in the operating theatre as a surgical assistant.

Orthopedics Department (17/12 -04/01)

Participated in outpatient clinics, focusing on history taking and physical examinations, and attended morning rounds. Also served as a second-hand surgical assistant, gaining clinical experience in patient care and surgical environments.

2023 - 2024

Intern Physician

**Princess Basma Teaching Hospital, Ministry of Health- Jordan, Irbid, Jordan
Postgraduate Internship Program**

Completed an internship as a PGY1 physician in both inpatient and outpatient settings, gaining comprehensive experience across multiple departments. Rotations included 3 months in Internal Medicine, 2 months in Pediatrics, 3 months in Surgery, 2 months in Obstetrics and Gynecology, and 2 months in Emergency Medicine (one month of obligatory emergency medicine rotation and an additional elective in emergency medicine).

Responsibilities included conducting history taking and physical examinations, managing patient admissions and discharges, responding to ER calls for patient care, performing suturing, and responded to CPR codes.

2020 - 2023

Rotating Medical Student

King Abdullah University Hospital, Irbid, Jordan (Main Teaching Hospital for Jordan University of Science & Technology AND Main Tertiary Hospital in North Jordan).

HOSPITALS – MINISTRY OF HEALTH – NORTH JORDAN

Jordanian Royal Medical Services (JRMS)

Completed a comprehensive M.D. curriculum involving three years of supervised clinical rotations encompassing diverse medical and surgical specialties.
