RECOMMENDATION LETTER

August 27, 2022

To Whom It May Concern:

This is to certify that **Dr. Osama (M.R.) Shafiq (Alwafae' Alhalabi)** has completed his clinical training in the OB-Gyne Department of Kingdom Hospital, Riyadh, Kingdom of Saudi Arabia from June 26, 2022 to August 27, 2022.

During his training, Dr. Osama proved to be knowledgeable and hard worker. He completes the tasks assigned to him and he was actively involved in the care of patients in the Labor Room and in the Patient Wards. His academic knowledge is good for his level and has showed the willingness to learn and advance his career.

He has good communicative skills and he showed interest to learn more from his superiors and gained good practical and clinical experience.

I have no hesitation in recommending him for any post-graduate program and I wish him all success in his future endeavors, trainings and for his professional upgrading.
