Summary

Motivated medical graduate from Badji Mokhtar University, Algeria, with a well-rounded foundation in patient care across multiple specialties. Skilled in clinical assessments, diagnostics, and compassionate patient interaction, with hands-on experience in managing acute and chronic conditions. Committed to advancing public health initiatives and eager to contribute to a residency program while enhancing medical knowledge and practice. Fluent in English and Arabic, with a strong understanding of French and German, I am well-prepared and enthusiastic about tackling the challenges of residency training.
