Clinical Group Leader -Led and mentored a group of 10-15 students in time management, test-taking skills, and US residency path. - Organized lectures with professors, took attendance during our rotations, optimized transportation for students to different hospitals, and booked rooms to complete our written exams

الخبرة العملية

يوليو 2023 - الوقت الحاضر

Internship

Jordanian Ministry of Health, Princess Basma Teaching Hospital, Irbid

*surgery intern (7/2023-10/2023)

- My responsibilities were seeing new patients and follow-ups, taking history, doing comprehensive physical examinations, and writing progress notes in the EMR (EPIC). - Conducted evaluation for 3-4 patients daily, formulated and discussed treatment plans, communicated with parents, and presented cases to attendings and fellows. - Participated as an observer of many surgeries including appendectomy, thyroidectomy etc..

* Medical Intern (12/2023-03/2024)

- Handle 100+ patients weekly in the internal medicine emergency room and manage cases including asthma, dehydration, anaphylaxis, and chest pain.
- Present cases to the attendings during the daily rounds after taking history and performing a physical examination.
- Direct and teach medical students in the team.
- Work in collaboration with residents, fellows and U.S board certified attendings to manage patients admitted to the internal medicine service. These cases include renal failure, pneumonia, and hypertensive emergencies.
