- Excellent team work

ALI ALZU'BI

MEDICAL DOCTOR

WORK EXPERIENCE

Internship (July 2023 - July 2024) | Jordanian Ministry of Health

- Completed a comprehensive one-year internship with rotations in General surgery, Emergency Medicine, internal medicine, pediatrics, and obstetrics and Gynecology. Duties included taking detailed patient histories, performing thorough physical examinations, managing both inpatient and outpatient care, and assisting in a variety of surgical procedures. I was responsible for ensuring precise documentation in patient records, contributing to treatment planning, and supporting the continuity of care. I participated in daily ward rounds, multidisciplinary team meetings, and case discussions, actively engaging in quality improvement initiatives. I also facilitated educational sessions for medical students, provided supervised emergency care, and played a key role in discharge planning and patient counseling. My internship experience allowed me to develop strong clinical skills, adaptability, and a deep commitment to patient-centered care.

Elective in Upper GI Surgery (December 2022) | Queen Elizabeth Hospital, UK

- Completed a medical elective focusing on upper GI Surgery. Participated in clinics, multidisciplinary team (MDT) meetings, and ward rounds, gaining comprehensive exposure to clinical decision-making processes. Observed surgical procedures involving upper gastrointestinal and sarcoma cases. This experience enhanced my understanding of advanced clinical practices within a different healthcare system and improved my ability to work effectively in a multidisciplinary environment.
